Dear Shortlisted Students,

With reference to the ongoing **campus recruitment drive of Comhard**, please find attached the **Practical Coding Challenge Task – Support Desk System** shared by the company for the next stage of the selection process.

All shortlisted students are required to complete the assigned task **today itself** and **report to the company's office** on **Friday, 30th October 2026, at 11:00 AM** for a **face-to-face interview.**

1. Practical Assessment – Mandatory

- **Task: Build a Support Desk System (Full-Stack Engineering Practical Assessment).**
- **Time Limit: Approximately 3 hours.**
- **Deadline: Complete the task today, 29th October 2026.**
- **Submission: Prepare the complete project source code, README with setup/run instructions, database setup details, and a brief note on completed features and known issues, as specified in the attached task document.**

2. Face-to-Face Interview Details

- **Date: Friday, 30th October 2026**
- **Reporting Time:** 11:00 AM
- **Mode:** In-person interview
- **Venue:** Comhard Office

Office Address:
GALAXY BUSINESS PARK, 4th Floor, Tower C,
A-44-45, Sector 62, Noida, Uttar Pradesh – 201309.

Google Maps Location: https://g.page/Comhard?share

3. Important Instructions

1. **Completion of the assigned task today is mandatory for all shortlisted students.**
2. **Carry your laptop to the interview without fail.**
3. **Keep your complete project source code** and **README ready** for demonstration and discussion.
4. Be prepared to explain your **application architecture, implementation approach, key technical decisions**, and the code you have written.
5. Ensure that you **report to the office on time** and **maintain professional conduct throughout the interview process.**
6. Please ensure that you **carry two sets of updated CVs,** your **college ID card**, **photocopies of educational documents** and other certificates, a copy of your **Aadhaar card,** and **two passport-size photographs** for the recruitment process.
7. Be prepared for **technical questions, coding/problem-solving and project discussion.**

Please treat this opportunity with utmost seriousness and ensure that both the practical assessment and the interview requirements are completed as instructed.

Best wishes for your selection process!

Kunwar Ajeet Singh

==========

Dear Students,

We are pleased to announce a recruitment opportunity with **Comhard Technologies Pvt. Ltd.** for interested B.Tech students. Candidates may apply for **any ONE profile** based on their **interests, skills,** and **career aspirations.** Please read the details carefully before submitting your preference through the Google Form.

Job Details are as follows:

About the Company – Comhard Technologies Pvt. Ltd.

Comhard Technologies Pvt. Ltd. is a Noida-based IT and cloud solutions company with over **27 years of industry experience**. The company specializes in **cloud infrastructure, managed IT services, virtual private servers (VPS), data backup, disaster recovery,** and **business application hosting**. It offers solutions such as **CoCloud, ComSky, and Tallinux**, helping businesses manage their applications and operations securely and efficiently. Comhard is also a **Tally 5-Star Certified Partner** and provides cloud-based solutions for business applications, including TallyPrime. With a focus on technology, security, scalability, and customer support, the company serves businesses across diverse industries in India and beyond. **For more details visit company Website:** https://comhard.co.in/about-us

Profile 1: Full Stack Developer (AI-Native)

- **Role: Full Stack Developer (AI-Native)**
- **Work Location:** Sector 62, Noida
- **Work Mode:** On-site (Work from Office)
- **Eligibility: B.Tech 60%** in Computer Science or a related field; graduating in 2027 **with no active backlogs**
- **Engagement:** 6-month paid internship, followed by full-time employment based on performance.

Compensation:

- **Internship stipend: ₹15,000–₹20,000** per month for 6 months.
- **Full-time CTC** after successful internship: **₹3–5 LPA**, based on performance.

Key Skills Required:

- Strong **JavaScript and TypeScript.**
- Working knowledge of **SQL, REST APIs**, and relational databases.
- Hands-on experience with AI coding tools such as **Cursor, Claude Code, GitHub Copilot, or similar tools.**
- Ability to understand existing codebases, debug issues, and build features end to end.

Preferred Skills: **React/Angular, Node.js, PostgreSQL/MongoDB, Git, Docker, Linux,** and related technologies.
Ideal Candidates: Students who enjoy coding, building projects, solving technical problems, and using AI tools to develop and test real-world software.
Selection Process: Application and project review, a 48-hour build task, an on-site code review round, a live feature-extension round, and a founder conversation.

Profile 2: Tech Sales Trainee (Inside Sales)

- **Role: Tech Sales Trainee (Inside Sales)**
- **Company: Comsky,** a venture of Comhard Technologies Pvt. Ltd.
- **Work Location:** Embassy Galaxy Business Park, Sector 62, Noida
- **Work Mode:** Work from Office; no field visits
- **Eligibility:** B.Tech in Computer Science or a related field. Candidates must be available to join full-time at the Noida office.

Compensation:

- **Internship stipend: ₹15,000 per month,** plus incentives as specified in the JD.
- **Internship duration:** 6 months, including the first 3 months of probation.
- **Full-time CTC** after successful completion: **₹4–5 LPA,** based on performance.

Working Days:

- First 3 months: 6 days per week.
- Months 4–6: 5 days per week.
- After conversion to full-time employment: 5 days per week.

Key Responsibilities:

- Understand customer requirements and explain **cloud and SaaS products.**
- Conduct product demonstrations and handle technical queries.
- Communicate with prospective customers through calls, emails, messaging, and online meetings.
- Manage leads, follow-ups, negotiations, and sales opportunities.
- Work with customers and channel partners.

Ideal Candidates: Students with strong communication skills in English and Hindi, logical reasoning, an interest in technology, and a genuine desire to build a career in tech sales.
Selection Process: Resume shortlisting, aptitude and logical reasoning test, group discussion, sales role-play, and final interview.

Important Instructions:

1. Read both job descriptions carefully before selecting a profile.
2. Students must select **only ONE profile** in the **Google Form: Full Stack Developer (AI-Native)** OR **Tech Sales Trainee.**
3. Apply only if you are genuinely interested in the selected role and willing to accept its work location, working arrangements, internship duration, and compensation structure.
4. **Candidates applying for the Full Stack Developer role** should be prepared to share **their GitHub profile** and **details of a project** they have built.
5. Shortlisting and selection will be conducted as per the company's recruitment process.

Interested students are required to register themselves at the link shared below latest by tomorrow (22nd Oct 2026) till 4:00 PM:

- **Registration link –** https://forms.gle/xyJg1aD1XrVXn4Ls7

Best Wishes,
Kunwar Ajeet Singh
